PLEA OF A PORTO RICAN Duffy's

Mr. Bryan's Election the Islanders' Only Hope.

Women Praying for the Success of the Democratic Candidate-Commerce Paralyzed and Freedom Curtailed-Speech of G. Clinton Hanna to Commercial Travelers.

BALTIMORE, Oct. 18 .- The largest and most enthusiastic meeting yet held at the headquarters of the Bryan and Stevenson Commercial Travelers' Club took place yesterday at noon. The building was packed.

The speech that aroused the greatest enthusiasm was that of G. Clinton Hanna, who for a number of years has made his home in San Juan, Porto Rico, and is a citizen of that country now. Mr. Hanna spoke of the injustice and hardship which the law imposing a tariff upon the trade of Porto Rico had caused.

"Commercially," he said, "we are para-lyzed; educationally we have lost two years, and we will lose the third one; politically we are terrorized. Justice has of machines in book and job offices, and fled from Porto Rico. The freedom of the press and freedom of speech have been curtailed and suppressed. If a man dares to open his mouth through the press in our island the paper is sup-

press in our island the paper is sup-pressed and appears no more.

"We believe that the people of the Uni-ted States are just and humane, and it is to the people we now make our appeal, and not to the Republican party, which has brought about the con-ditions which oppress us. Our plea is simply this:

"Give us equal rights such as you promus justice, give us some sort of govern-ment which will mean freedom. Don't bar us from the privileges of American citizenship and still hold on to us. We do not know now how we stand or what do not know now now we stand or water our starius is. We are told that we are allens, and yet we belong to the United States and were promised that we should be a part of this Government. "Today in Porto Rico the people look

upon the America. flag as simply a gaud, banner which means nothing to them. It does not mean the protection and the jus-tice which was promised. The women of Porto Rico, my wife has just written me, are praying night and day for the success of William J. Bryan. Never was a mo.e loyal welcome given any strangers than was given by the Porto Ricans to the Americans when they came to our country. We believed in them and their promises, and we still believe in the American people, but not in the Republican

party.
"Our last hope to regain our rights is in the success of Mr. Bryan, and the hearts of the people of Porto Rico are with him in his fight because we believe he will be just. Remember this whin you cast your ballot on November 6. All with him in his fight because we believe he will be just. Remember this whin you cast your ballot on November 6. All we ask is a just and an equal government Remember, it was your word that we pledged, and it has not been kept. Remember, you are the Government, and the people of Porto Ricc are looking to

you to make good your promises."

Mr. Hanna was enthusiastically applauded at the conclusion of his speech.

Other speakers were Messrs, Frank A.

Driscoll and James A. Dawkins. The travelers have fixed the interior of their beginning to the properties of their beginning the properties. headquarters up in an artistic manner, and have placarded the walls with Democratic mottoes and phrases, such as "Competition Is the Life of Trade.

Annual Report of the President the Best Ever Issued.

The annual meeting of the Mergenthaler Linotype Company was held yesterday in New York and the report of the president was read for the year ended September 30. The report was the best ever issued by the company in many ways. It showed a profit of \$1,919,165 against a profit for the preceding year of \$1,627,000, or an increase of \$292.165. It showed an increase of \$10,000 in the annual rentals of machines, a large increase in the use in smaller country printing offices, and an increase of \$80,000 in the receipts for sales of supplies. The directors of the company were all re-elected as follows: D. O. Mills, Whitelaw Reid, P. T. Dodge, Ogden Mills, George L. Bradley, James O. Clephane, Andrew Devine, E. V. Murphy, and Robert L. Gammell.

and Robert I. Gammell.

There were on rental at the close of the year 1,058 machines, the rental value being \$567,645, as against \$557,175 the preceding year. The sales of supplies amounted to \$392,558, as against \$312,000 the preceding year. The factory delivered during the year 679 machines, an increase of 171. The number of machines sold was ised us, but which have been denied us of 171. The number of machines sold was by the outrageous Port Rican bill. Give 553. The financial statement submitted at

From this snowing officers of the company consider it fair to assume that the dividend will be more than earned during the coming

The surplus or cash items include the following: Cash, \$309,076; notes receivable, \$1.274,189; open accounts, \$269,517; a total of \$1,852,782. Against this amount a total of \$1,802,852. TREBLED HARVARD'S SCORE.

The Yale Eleven Defeats the Bow doin Team 30 to 0.

NEW HAVEN, Oct. 18 .- Yale yesterday afternoon trebled the score that Harvard made against Eowdoin on the gridiron a week ago last Saturday. Yale this after-noon scored five touchdowns against Bow-doin and Hale kicked all the goals, making doin and Hale kicked all the goals, making the score 30 to 0. The game pleased Yale men immensely. Yale had three substitutes in line in place of Sharpe, Bloomer, and Coy. Bowdoin, according to her own statement, was not in as good shape as she was when she met Harvard. The game took place under a clear sky and for the first time this season the weather was good for a football game.

THE CRIMSON'S WEAK SHOWING. Harvard Fails to Equal Yale's Score

Against Bates. CAMBRIDGE, Mass., Oct. 18 .- Harvard won the football game on Soldiers' Field yesterday afternoon, defeating the Bates College eleven, that Yale scored 50 points on a week ago, only 41 to 0. The score was a disappointment to Captain Daly and the spectators, who had hoped Harvard would be able to run up a bigger score. The eleven did their best, the whole style of playing being changed apparently

or playing being changed apparently to run up a large score.

For the first time this season the eleven played an end game almost entirely. The line plays which have been practiced this week were not used with the exception of one in which Lee carried the ball on the end plays. The interference was ve effective, and especially around Bates' left end. Harvard's left side was very weak on defence. Harvard fumbled very fre-quently, and only once out of about eight chances did she get the ball when Bates

Real McCreery Silks Here.

We were one of the four Washington houses that attended the Mc-Creery silk sale. You can draw your own conclusions of the flaming announcements made by the others. We told you it would be so—and warned you to be on your guard.

The silks that were in this sale are the product of the Clifton Mills whose entire output is controlled by Jas. McCreery & Co. There has been an over-production—that necessitated finding a quick and enlarged outlet—and resort was taken to this trade sale. That's why the famous McCreery silks are to be had at these unheard-of-before prices. Compare and you'll see we're sharing the advantage more generously.

PUT IN A WEAK TEAM.

College to Score.

PHILADELPHIA. Oct. 18 .- Yesterday Pennsylvania put in a weakened team against Pennsylvania College, who had refused to play unless this were done, alleging injuries to their men as the rea-son. It looked like a confidence dodge, as the State played a stiff game and scor-ed on a fumble in the first half. The final score was 17 to 5 in favor of Pennsylvania. With Hare and Wallace out of the game Pennsylvania's offensive strength was greatly weakened and at times the team was demoralized. Two touchdowns were made in the first half. The first one was made in six minutes. Fumbling then allowed State to score when Pennsylvania played good, fast football for two and a balf relations.

And Players Wright, Slocovitch, and Smythe, of the Columbia varsity eleven, went to Philadelphia yesterday to see the University of Pennsylvania play. Captain Morley was left behind to direct the Blue and White's game with Stevens at Columbia Field, and as he realized that the Jersey players were not hard to beat he put in what was practically the second eleven. The Stevens boys, light in build, and a match for the best school teams, were snowed under to the tune of 45 to 0 in halfs of twenty and fifteen minutes. 0 in halfs of twenty and fifteen minutes.
